MY Life at Barnhill community high School.

I like Barnhill School because it's a brand new School. I love the sports hall.

At Barnhill the things we have done are p.e. science. maths. english and loads more. My best subject is p.e because I love it. I got in the football team out of 5 matches we won 4 and lost 1. Another of my best subjects is Science because MR. Sturtis is my teacher and he is funny. And I love doing experiment.
