When I first saw Barnhill I said to myself this is a lovely looking school. But when I saw inside I said to myself this is a high jump if some one would push me in a block as you can see from the top floor to the bottom floor. When it was my first day I was scared a bit because the year 8 looked big. The thing about the school I like is there is only one year above us my favourite lessons are Drama and I.C.T.
