MY LIFE AT BARNHILL IN 2001

My life at Barnhill is good. Barnhill is a new school. It opened in the year 1999. The teachers here are great and they teach very well. Miss Jackman is the headteacher. I like Barnhill because it is a new school and the teaching here is excellent. You do a lot of subjects at Barnhill. There are lots of clubs and activities going on after school, like Keyboard club, spanish club, netball and football. My best subject is art. It is very good and I enjoy it. My form tutor is Mr Rees. Also on some days we have enrichment. That is where teachers put you in a group for a term. You could do all sorts of things like P.E, drama, science, technology, literacy and french. The language that we are learning at Barnhill is spanish.
