Introduction

Barnhill Community High School is committed to ensuring that candidates are fully briefed on the exam and assessment process in place in the centre and are made aware of the required JCQ/ awarding body instructions and information for candidates.

Purpose of the candidate exam handbook

- ▶ To complement the candidate briefing assembly in the Autumn & Spring terms
- ▶ To ensure candidates are provided with all relevant information about their exams and assessments in advance of any exams/assessments being taken
- ▶ To ensure copies of relevant JCQ information for candidates documents and posters are provided in advance of any exams/assessments being taken
- ▶ To answer common questions that candidates may have
- ▶ Please note that all appendices in this document can also be found on the exams section of the school website

Written timetabled exams

- ▶ When you receive your candidate statement of entry please check that your personal details and examination entries are correct
- ▶ If your personal details are incorrect, please notify the Exams Officer as soon as possible, and by no later than Friday 4 April. Failure to notify the Exams Officer by this date may lead to incorrectly printed certificates, amendments to which will incur a fee that the candidate will be liable for
- ▶ If you have any queries or concerns regarding examination entries, please direct these to your subject teacher as soon as possible
- ▶ When you receive your individual candidate exam timetable please take careful note of the dates, times and locations of your exams
- ▶ Please ensure that you are familiar with the JCQ information for candidates documents for written examinations and social media notice (links in Appendix 1)
- ▶ Please also ensure that you are familiar with the content of the exam room posters (Unauthorised Items poster (Appendix 2) and Warning to Candidates poster (Appendix 3))

Contingency days - Summer 2025

- ▶ The summer 2025 contingency days are: Wed 11 June (afternoon session); Wednesday 25 June (full day).
- ▶ You must remain available up to and including these dates; if you are not available and an exam is rescheduled, you will not be eligible for special consideration and would score 0 on the paper/s in question.
- ▶ Please see below for further explanation from the JCQ:

“15.5 The awarding bodies will designate ‘contingency sessions’ for examinations, summer 2025. This is consistent with the qualification regulators’ document [Exam system contingency plan: England, Wales and Northern Island](#)

15.6 The designation of ‘contingency sessions’ within the common examination timetable is in the event of national or significant local disruption to examinations. It is part of the awarding bodies’ standard contingency planning for examinations.

15.7 In the event of national disruption to a day of examinations in summer 2025, the awarding bodies will liaise with the qualification regulators and government departments to agree the most appropriate option for managing the impact. As a last resort the affected examinations will be rescheduled. Although every effort would be taken to keep the impact to a minimum, it is possible that there could be more than one timetable date affected following the disruption, up to and including the last contingency day. Centres will be alerted if it is agreed to reschedule the examinations and the affected candidates will be expected to make themselves available in such circumstances. The decision regarding the rescheduling of examinations will always rest with the awarding body. The centre must conduct the examination on the scheduled date unless instructed to do otherwise by the awarding body.

15.8 Where candidates choose not to be available for the rescheduled examination(s) for reasons other than those covered by special consideration, they will not be eligible for enhanced grading. Centres must therefore ensure candidates and parents are aware of the contingency arrangements so that they take them into account when making their plans for the summer.

On-screen tests

If you are following a course with on-screen tests (such as LIBF) you should refer to the JCQ information for candidates – onscreen tests (Appendix 1).

What to do if you identify you have two or more exam papers timetabled at the same time (a timetable clash)

- ▶ If you have two or more papers totalling less than 3 hours timetabled for the same time you are entitled to a supervised break of no more than 20 minutes within the examination room, and with no access to revision notes or any other materials eg web enabled devices.
- ▶ If you have two or more papers totalling more than 3 hours timetabled for the same time you may sit one exam in an earlier or later session. You will be able to

revise between the two exams but will be under supervision at all times and must not have on your person a mobile phone, smart watch, or any other web-enabled device.

- ▶ If you have a clash please speak to the Exams Officer as soon as possible to discuss the order in which you would like to sit the papers; please note that this will be accommodated where possible but the Exams Officer reserves the right to determine the order and start times of clash exams.

Where you will take your exams

The majority of students will sit their exams in the Sports Hall. Some exams may take place in the Assembly Hall or in classrooms (such as language Listening exams).

Students with one-to-one or small room arrangements will be accommodated in classrooms; if this applies to you, the rooms will be on your timetable which will be distributed after Easter.

What time your exams will start and finish

- ▶ Morning exams will start at 8.45am, unless otherwise stated on your exam timetable.
- ▶ Afternoon exams will start at 1.50pm, unless otherwise stated on your exam timetable.
- ▶ Please ensure that you are on time for your exams. Late arrivals may not be admitted and your paper/s may not be marked.

Supervision during your exams

- ▶ Exams will be supervised by the team of invigilators.
- ▶ Invigilators must follow strict rules and regulations when conducting exams, as directed by the JCQ and awarding bodies.
- ▶ Some examples of the rules they must follow are:
 - They must ensure that you do not have any unauthorised materials (NB. a list of such materials can be found on page 8 under the sub-section 'What you should not bring into the exam room')
 - They must escort you to and from the toilet, and wait outside the toilet, should you need to use it during the designated time in which toilet breaks are permitted
 - They can only read out the instructions on the front of the question paper and cannot give you any further assistance or guidance

- They cannot tell you how much time has passed, or how much time is left
- They must ensure that exam conditions are maintained from the moment the first candidate enters the exam room to the time the last candidate leaves
- They must ensure that candidates are seated in the correct seats, according to the register/seating plan
- They must report any irregularities or suspected malpractice to the Exams Officer immediately, who in turn must make a report to the relevant awarding body

Exam room conditions

- ▶ You will line up in row order outside the exam venue, and enter one row at a time, when called
- ▶ You are under formal exam conditions from the moment you enter the exam room until you have left the exam room at the end of the exam
- ▶ You must listen to and follow the instructions of the invigilator at all times in the exam room
- ▶ You must not communicate with other candidates; this includes non-verbal communication eg. eye-contact, passing notes, smiling, etc
- ▶ The following information will be displayed in the exam room: centre number, subject title, paper number; the actual start and finish times of the exam; the date of the exam; the JCQ Unauthorised Items poster; the JCQ Warning to Candidates poster
- ▶ You must complete all the information required on the front of your answer books/question paper when instructed to do so by the invigilator
- ▶ You must not write anything else on the front of your answer books/question papers eg revision notes, as this constitutes malpractice
- ▶ If you use any additional answer books/sheets these **must** be included with your question paper, and you must complete the required information on the front

Where you will sit in the exam room

- ▶ You must sit in your designated seat, as printed on the registers displayed outside the venue and your timetable
- ▶ Please always check the A3 registers displayed outside the venue, as occasionally seating plans may change and your seat may be different to that on your timetable
- ▶ Row and column signage is displayed to help you find your seat
- ▶ If you cannot find your seat, or believe that someone else is sat in your seat, please speak to an invigilator

What equipment you need to bring to your exams

- ▶ You must come fully equipped to all exams, with any required specialist equipment (eg a calculator for Maths Calculator and Science papers)
- ▶ You must use a black pen for all exams
- ▶ Pencil cases or glasses cases must be clear/see-through

Using calculators

- ▶ You must be aware of JCQ awarding body instructions regarding the use of calculators in your exams, which are as follows:

“Candidates may use a calculator in an examination unless prohibited by the awarding body’s specification.

The instructions on the question paper will say whether calculators are not allowed or if they are expected to be used in the examination. If the instructions do not include either of these statements, calculators are treated as standard equipment and may be used by candidates.

Where the use of a calculator is allowed, candidates are responsible for making sure that their calculators meet the awarding bodies’ regulations

During an examination a calculator must not be able to offer any of these facilities:

- language translators;*
- symbolic algebra manipulation;*
- symbolic differentiation or integration;*
- communication with other machines or the internet.*

During an examination a calculator must not give access to pre-stored information. This includes:

- databanks, such as the periodic table (with the exception of scientific constants);*
- dictionaries;*
- mathematical formulae;*
- text.*

A calculator must not be borrowed from another candidate during an examination.

Some calculators have an ‘exam mode’. This is acceptable in examinations where the exam mode is activated and the exam mode results in the calculator becoming compliant with the above requirements.
