

JOANNE BAIRD

## My First Year at Barnhill.

When I first started Barnhill I was very excited and nervous. When we was arranged into tutor groups I hoped that I was put with a kind teacher and somebody who I knew and I liked. Luckily enough I was put with my best friend Clare, but I soon parted from her and made more friends such as Lauren Gifford and Natalie O'leary. The building was very big and I didn't know my way around but I managed. The teachers seemed very nice but they soon got stricter. I enjoy most of all my lessons but all can be boring at times. My favourite are Art, Food Technology and History. In Yr 7 we visited plenty of places such as Warwick Castle, London Zoo, Canterbury and many more. I really enjoyed Year 7 at Barnhill and I hope that Barnhill Community High continues to be a successful school.
