

SUMMER TERM

Senior Leadership Message

This edition: Ms Winter, Deputy Headteacher

Celebrating the Culmination of the School Year

As we approach the final weeks of the academic year, Barnhill Community High School is entering an important and rewarding phase — the culmination of a year's hard work, growth, and achievement.

Our students are now engaged in their end-of-year assessments, providing them with the opportunity to demonstrate the depth of their learning and the progress they have made across all subjects. These assessments are not just tests; they are a celebration of resilience, curiosity, and determination. From Year 7 through to our older students, each learner is being encouraged to reflect on their journey and showcase their best efforts.

Staff have been working closely with students to ensure they feel confident, prepared, and supported. Revision sessions, targeted feedback, and structured guidance have helped students build the skills they need to succeed. We are proud to see our young people stepping up with maturity and focus during this important period.

We would also like to thank parents and carers for their ongoing support at home. Encouraging good routines, ensuring a calm environment for revision, and promoting a positive mindset all play a vital role in helping students perform at their best.

As we move towards the end of term, we look forward not only to celebrating academic achievements but also recognising the personal growth, friendships, and contributions that make Barnhill such a vibrant and inclusive community.

We wish all our students the very best in their assessments and encourage them to continue striving to demonstrate their learning with confidence and pride.

Together, we celebrate a year of progress and look ahead to even greater success.
